SUPPLEMENT NO. 1
1982 JEEP
TECHNICAL
SERVICE MANUAL

FOREWORD

This supplement contains the latest service information available and must be used in conjunction with the 1982 Jeep Technical Service Manual to properly service all 1983 Jeep vehicles. Jeep Corporation reserves the right to discontinue models and change specifications or design without notice or incurring obligation.

Trade names mentioned in this manual are for convenience only and are not intended to be a recommendation to use a specific brand of product. They are indicative of a class or type and may be substituted by an equivalent product.

Proper service and repair are essential to the safe and reliable operation of a motor vehicle. This manual contains recommended methods for performing proper service and repair. Use of improper methods could cause personal injury and render the vehicle unsafe.

Detailed descriptions of standard workshop safety procedures are not included in this manual. This manual does contain **WARNINGS** for some service procedures that could cause personal injury, and **CAUTIONS** for some procedures that could damage the vehicle or its components. Please understand that these **WARNINGS** and **CAUTIONS** do not cover all conceivable ways which service might be done or all possible hazardous consequences of each conceivable way. Anyone using service procedures or tools (whether or not recommended by Jeep Corporation) must satisfy himself that neither personal nor vehicle safety will be jeopardized by the procedures or tools selected.
